

SEI FULL TEACHER ENDORSEMENT COURSE

Audience: Teachers, PreK – grade 12

The purpose of this course is to provide the Commonwealth’s teachers with the knowledge and skills to effectively shelter content instruction so our growing population of English language learners (ELLs) can access curriculum, achieve academic success, and contribute to their multilingual and multicultural resources as participants and future leaders in the 21st century global economy.

The course has three over-arching objectives:

1. To help teachers effectively carry out their responsibility for the teaching and learning of ELLs, as well as to understand the social and cultural issues that contribute to and impact the schooling of ELLs.
2. To expand teachers’ knowledge of how language functions within academic content teaching and learning, and how children and adolescents acquire a second language.
3. To provide teachers with practical, research-based protocols, methods, and strategies to integrate subject-area content, language and literacy development per the expectations of the World Class Instructional Design and Assessment (WIDA) and English Language Development Standards (ELDS) - thus to support ELL students’ success with all state academic standards.
